Cinderella lives with her stepmother and two lazy and ugly stepsisters. She has to work all day long while her sisters do nothing but play and try on new dresses and shoes. There is a ball in the prince's palace in the evening and Cinderella's sisters are ready to go to it. Cinderella is very upset because she is not allowed to go to the ball. Suddenly The Fairy Godmother comes to the house. "Don't worry Cinderella", she says. She waves her magic wand. In a moment a very beautiful dress appears and there is a coach ready to take her to the ball. "But remember" says The Fairy Godmother, "you must come back before midnight".

Cinderella is in the palace now. There are many nice-looking young ladies but she is the prettiest of all. The prince dances with Cinderella all the time, but nobody knows the name of the beauty. When the clock strikes twelve, Cinderella runs away without saying goodbye. She leaves a beautiful little shoe on the stairs in a hurry.
